EMPLOYMENT

Columbia Climate School

Director, Resilient Coastal Communities Project **2021 - present**

In partnership with the New York City Environmental Justice Alliance, support actionable, equitable solutions to coastal flooding and foster complementary benefits such as habitat restoration, job creation and community empowerment.

Faculty Member, Sustainable Development Program **2018 - present**

Courses developed and taught: *US Water And Energy Policy* (SDEV 4050); *Building Climate Justice: Co-Creative Coastal Resilience Planning* (SDEV 4650); and, *The New York City Watershed: From Community Displacement to Collaboration and Climate Adaptation* (SDEV 4550).

Riverkeeper

President & Hudson Riverkeeper **2010 - 2021**

Enriched Riverkeeper's 52-year tradition of clean water advocacy and watershed protection, pursuing targeted litigation and gaining passage of cutting-edge safe drinking water laws. Fostered regional resiliency, increased community empowerment and established diversity, equity and inclusion as core values.

Built Riverkeeper's water quality testing program into the largest in the state, helping to drive \$3.9 billion in infrastructure funding and new controls on toxics in drinking water. Guided Riverkeeper's campaign in support of NY's precedent-setting ban on fracking. Stewarded Riverkeeper's oversight work as signatory to 1997 NYC Watershed Agreement. Raised revenue, staffing and volunteer advocacy to new highs. Partnered with the Riverkeeper board of directors to revitalize governance and complete three successive five-year strategic plans.

Maine Coast Heritage Trust

President **2008 - 2010**

Expanded community support for conservation by increasing its relevance to working waterfront and farming communities. Established and funded grants program to support coastal towns & businesses. Broadened public access to MCHT's preserves and managed MCHT's successful application for national accreditation.

Westchester Land Trust

Executive Director **2000 - 2008**

Organized creation of a dozen new municipal land acquisition programs and tripled the number of communities where WLT conserves land. Coordinated \$73 Million in new open space, NYC Watershed buffer, farmland and park acquisition projects. Achieved seven-fold increases in preservation activity and funding. Created an endowment amounting to four years' operating expenses and obtained the gift of a permanent home for the organization. Gained certification as one of the nation's first seven accredited land trusts.

New York State Department of Environmental Conservation

Regional Attorney, Special Assistant to the Commissioner

1990 - 2000

Managed legal, policy initiatives at the Department's 180-person New York City office, supervising enforcement, remediation, public affairs, permitting and habitat programs. Closed rogue oil barge operations and waste transfer stations. Obtained comprehensive oil spill cleanups at NYC airports, transit facilities and housing complexes. Obtained reductions in nitrogen pollution and wet weather overflows at area wastewater plants. Oversaw closure of Fresh Kills Landfill, the world's largest waste management facility. Spearheaded a multi-year "trackdown" initiative to find and eliminate the most significant sources of pollution in New York Harbor. Managed the first state-supervised brownfields cleanup project in New York City history, transforming a defunct power plant into the area's largest paper recycler.

Office of the New York State Attorney General

Assistant Attorney General, Environmental Protection Bureau

1987 - 1990

Represented DEC and other state agencies in environmental enforcement and permitting litigation. Obtained federal and state court orders protecting wetlands, closing numerous illegal waste disposal sites and defending water conservation measures preserving the sustainability of Long Island's potable groundwater supply.

Cole & Deitz

Associate Attorney, Litigation Department

1984 - 1987

Pursued commercial litigation in state and federal court including land use, environmental impact review and pollution abatement cases.

ADDITIONAL ACADEMIC APPOINTMENTS
